Salem School Closing

The third annual commencement exercises of the Salem Consolidated School were held Friday, April 28th. The annual address was delivered by Prof. J. N. McMillin of the Normal College. Those who heard this address pronounce it as one among the best ever delivered on an occasion like this in this section of the country. Besides the fact that he is a scholar and an orator, he has that unique way of saying things in the language of his hearers.

There was only one in the graduating class this year. A diploma was delivered to Anna Warren Adams who has the distinction of being the first graduate from the school.

Friday evening, from eight till ten, Mr. and Mrs. W. B. Jones entertained the pupils of the high school in honor of the graduating class. The teacher-charge was beautifully decorated and festooned with ferns and roses and every thing had the odor and appearance of spring. After a number of courses of refreshments were served, the young people enjoyed themselves in progressive conversation and at competitive literary games. Everyone enjoyed the occasion to the utmost, and after telling one another good-bye until next session, and with a little mixture of gladness and sadness they departed from the scenes of their past eight months' honest and earnest efforts. Bank of Macon Quarterly Meeting

The regular quarterly meeting of the stockholders of the Bank of Macon was held Tuesday. The business of the bank for the last quarter was gone over and the condition of the institution shown to be in an exceptionally sound and flourishing condition; the deposits are something over \$30,000 greater than one year ago, and every piece of paper held by the bank is gilt-edge.

There was a vacancy on the board of directors and John R. Dinsmore was elected to fill it. This is quite an honor and compliment to so young a man, but it is well deserved and Mr. Dinsmore will be a distinct factor in the bank's progress. After a brilliant career at the university where he garnered many honors and laurels in scholarship and other fields, Mr. Dinsmore began the practice of law in Macon a few months ago and has already demonstrated ability and talent that surely presage a distinguished career at the bar where his father was once a leader.

Jackson Highway in Noxubee

A contest that has been pending several months over proposed routes through Road District Five of Noxubee, which involves an important link of the national Jackson highway, was ended today when the Board of Supervisors ratified the report of the road commissioners. District Five will take up the highway at the southern Lowndes-Noxubee county line and bring it south three and a half miles to Brooksville, then south six miles more to the northern line of District Three, which practically completes the highway through Noxubee. Big delegations from the county were here yesterday and today, and a delegation of leaders of the Jackson Highway movement in Columbus consisting of Hon. Percy Maer, W. H. Carter, Secretary of the Chamber of Commerce and T. J. Locke, president of that organization, came down and addressed the board.

Messrs. J. R. and J. L. Carpenter were in town yesterday. The latter made a record cotton crop in 1914—125 bales on 130 acres, and with the boll weevil to fight. Mr. Walter Hubbard was down town this week for the first time in several weeks. He has been confined to his home on account of a severe shake-up and a cut on his forehead that took several stitches to close. The accident was caused by his horse becoming frightened by an auto and shying out of the road, throwing him out of his buggy.

Mr. W. W. Shannon, whose health has not been good for several years, had a severe attack from a stomach trouble last Saturday night and for awhile his condition was considered dangerous. Drs. Murphey and Stanley were hastily called and remained with him all night. His condition has continued to improve and he is now able to sit up. He had made arrangements to go to New Orleans on Sunday to consult the doctors at Tuoro infirmary, where he was a patient for several months, but was taken suddenly ill Saturday night.
